**STUDY IN  
BULGARIA**

**BE OUR PARTNER**

## About the university in brief

University of agribusiness and rural development (UARD) was founded in **1992** by a decision of Bulgarian Government and accredited by National Agency of evaluation and accreditation to the Council of Ministers as Higher School "Agricultural College". The college was established based on a model of the British Lackham College of Chippenham.

In 2017 UARD was awarded an **institutional accreditation** for a period of 6 years with an excellent grade of 9.03 out of 10.

University of agribusiness and rural development is well-experienced in international and regional **projects** preparation, management and implementation embracing a number of successful activities in the field of smart, sustainable and inclusive regional development.

*University of agribusiness and rural development is certified according to the international standard ISO 9001:2015.*
