# What Is Academic Video Online?

“Recommended.” –CHOICE

*Academic Video Online* is Alexander Street’s flagship video subscription, delivering video that touches on the curriculum needs of virtually every department. *Academic Video Online* is available in two unique versions.

## VAST: Academic Video Online

VAST contains more than **22,000 titles** curated from dozens of our video collections for use in the undergraduate curriculum, and grows by thousands of titles each year. Faculty and students will find content to meet their learning, teaching, and research interests in:

- Area Studies
- Art and Architecture
- Business and Economics
- Counseling and Therapy
- Education
- Ethnic Studies
- Ethnography
- Health
- History
- Humanities
- Law and Public Safety
- LGBT Studies
- Literature
- Performing Arts
- Political Science
- Psychology
- Religion and Philosophy
- Science
- Women’s and Gender Studies
- World Languages and Literature

\*\*Content not available in all territories

All titles in *Academic Video Online* are carefully selected to meet departmental needs and include documentaries, interviews, performances, news programs and newsreels, field recordings, commercials, and raw footage. You’ll find thousands of award-winning films, including Academy® and Emmy® winners, the most frequently used films for classroom instruction, newly released films, and archival material previously unavailable.

## Research Tools

*Academic Video Online* is a powerful multidisciplinary tool for researchers seeking new insight into their subjects.

- **Semantic facet browsing** provides intelligent information that changes as users search, homing in on exactly what they’re looking for.
- Users can **precisely narrow searches** by a range of criteria, including content type, date published, author, person discussed, and more.
- Coming soon, all content will be available in **Google Search**.

New features  
now in VAST  
and Premium!

# Streaming Video at Alexander Street Press

Stream video at **broadcast quality**.

Use the **full-screen viewer** for classroom projection.

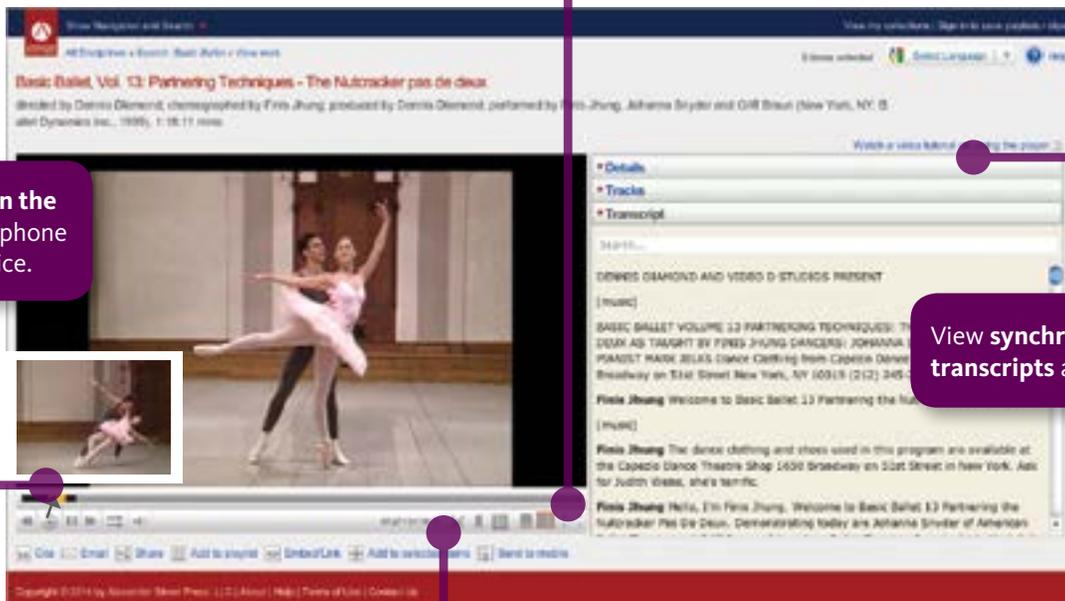

View **extensive details** for each film.

Access the **videos on the go** using your smartphone or other mobile device.

Search within the transcript and go directly to the desired segment.

View **synchronized scrolling transcripts** alongside videos.

Create, annotate, and share **video clips and playlists**.

## Library Tools

*Academic Video Online* features provide unprecedented levels of administrator support.

- **Free in-depth MARC records** are available for a majority of *Academic Video Online*, with new records added monthly.
- All content is fully integrated with Summon, EDS, Primo, and WorldCat.
- Librarians can access **in-depth statistics** compliant with COUNTER4 and SUSHI, monitor usage down to the specific title, and turn content and features on and off.
- **Library usage stats** are available with 24-hour currency.
- A series of helpful **instructional videos** is available to support new users.

## Teaching Tools

*Academic Video Online* has been curated with the undergraduate experience in mind. All content is selected by **expert editors** to match the typical core curriculum.

- Educators can choose and assign videos for class to watch with ease, and **embed links and annotations** directly into the syllabus or LibGuide.
- The platform allows **seamless integration** with any LMS, including Blackboard, Moodle, Sakai.
- Users can search thousands of **targeted playlists** created by expert editors, scholars, and other users to find helpful learning resources for the classroom.

## Learning and Sharing Tools

*Academic Video Online* is expanding its platform of learning and sharing tools to give even more freedom to **build, annotate, and share playlists** of videos, clips, and other material.

- Users can view the entire *Academic Video Online* interface, including transcripts, in **65 languages**.
- **Discipline landing pages** highlight editor-curated content and playlists.
- Users will be able to build **customized learning objects**, drawing on *Academic Video Online* materials and their own content, collaborating with other academics, and sharing these tools with the community.
- Coming soon, users can find **learning objects** created by Alexander Street Press and the academic community across many disciplines.
- Students and scholars can **export citations** in a variety of formats, including Chicago, MLA, and APA.
